Quarterly service review

OPERATIONS / 01 JULY - 30 SEPTEMBER 2026

Requests handled: 184

The quarter included 184 closed requests and a reported 92% on-time rate.

The source basis and definition of on-time are not shown on this page.

Requests by month

Escalations

July 11 August 14 September 12

The chart below uses a different visual scale from the table above.

Quarter notes

The 92% value excludes requests without a closed timestamp.

The number of excluded requests is not listed.

Escalations include requests sent to a specialist team.

This page does not include the specialist-team definition.
